OUTFIT IDEAS *for* BABIES

- **LESS IS MORE.** There is nothing cuter than those chubby rolls, so if your baby is just wearing a diaper, wrapped up in a blanket or sporting a head band or suspenders, it all makes for very cute photos.

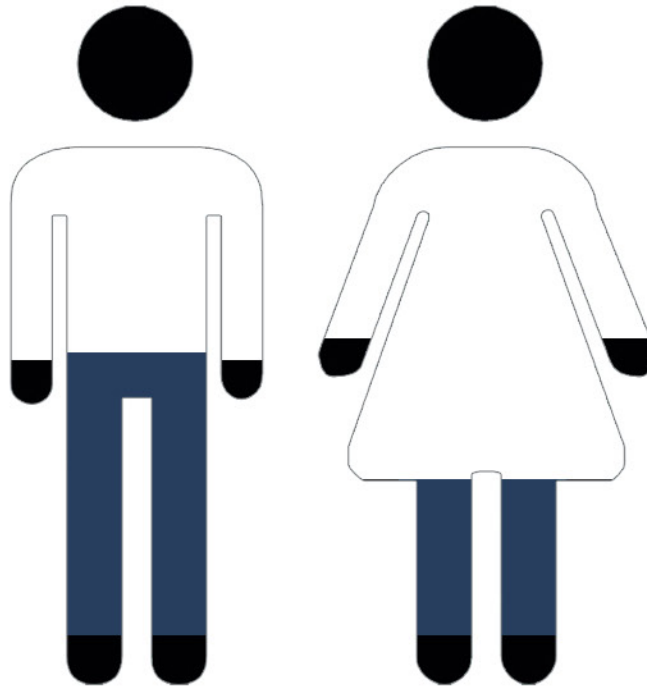

- **ACCESSORIZE.** Bring along your little ones fav stuffed animal, cute hat, head band, bandanna or neck tie. All these adorable accessories just add to your baby's cuteness.

- **KEEP AWAY FROM ANY CLOTHES THAT ARE TOO BIG.** Clothes that are too large for your baby tend to bunch up around their face and definitely don't photograph well. Please make sure that the outfit you decide to dress your baby in fits them just right.

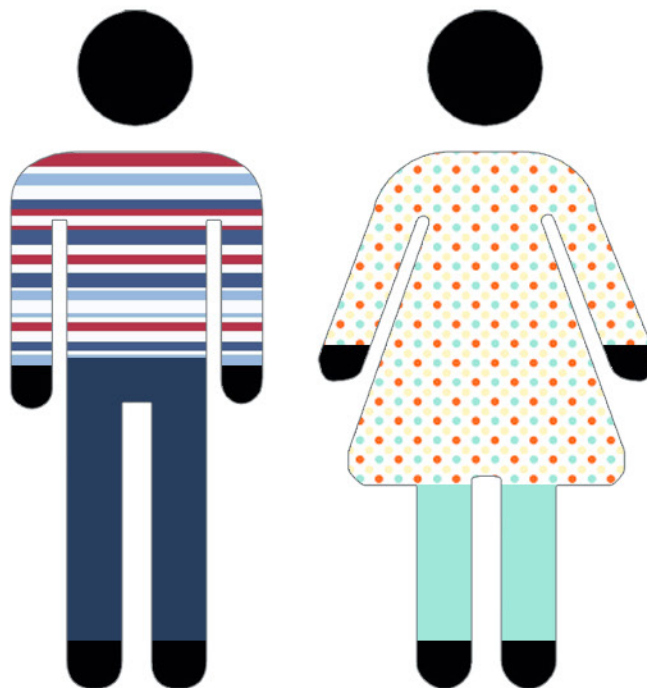

OUTFITS THAT ARE GREAT FOR PHOTO SESSIONS:

Plain Onesie / Diaper with a cute hat / Frilly Dress / Diaper with a bandanna
Diaper with a cute head band and/or pearls / pants or shorts with suspenders
